TABLE SB. Detailed Statistics, by Selected Types of Operation: 1963

item	Crushed and broken limestone s <mark>ubind</mark> ustry								
	All establish-			establishment	ts .				
	ments		Open quarries					Separately operated preparation	
Establishmant		All nroducing establish- ments	Ouarries only	Quarries preparation plants With crushing	With screening hut no crushing and other preparation methods	Combination open and underground durarries with crushing plants	Indergroun d marries with crushing plants	With crushing and screening only	All other preparation methods
